SEC. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support of the State Government for the two fiscal years beginning September 1st, 1919, and ending August 31st, 1921, and the further fact that the calendar will soon become crowded, creates a necessity for the expediting of the passage of this appropriation bill, therefore creates an emergency and an imperative public necessity which demands that the rule requiring bills to be read on three several days be suspended and that this bill become effective from and after its passage, and it is so enacted.

Approved August 7, 1919.

Becomes effective August 7, 1919.

SEC. 2. The fact that this is one of the general appropriation bills, and the further fact that public policy requires that proper provisions be made for the maintenance and support of the State institutions with as little delay as possible, creates an emergency and imperative public necessity that the Constitutional rule requiring bills to be read on three several days be suspended and that this Act take effect and be in force from and after its passage, and it is so enacted.

Approved with exceptions noted, Aug. 9, 1919.
